with the Federal Laboratory Consortium

ACCELERATE

Your Technology Development

COMMERCIALIZING FEDERAL INNOVATIONS

The Federal Laboratory Consortium (FLC), a nationwide network of more than 300 federal laboratories, provides strategies and opportunities for accelerating the development of federal technologies into the marketplace through a collaborative process called technology transfer (T2).

Public-private partnerships play an essential role in the FLC's mission to increase the impact of federal T2 for the benefit of society, the economy and national security. That is why the FLC increases access to federal lab information, connects labs with prospective business and research partners, and amplifies the resulting T2 success stories.

WHAT CAN THE FLC DO FOR YOU?

DISCOVER

Ways to achieve your organization's goals

CONNECT

With federal labs and their resources

AMPLIFY

Your T2 partnership's successes

for Technology Transfer

DISCOVER WAYS TO ACHIEVE GOALS

The FLC curates the resources you need to identify new ways to accelerate your organization's growth. You can learn how federal T2 collaborations help partners realize goals, advance science and aid government agencies in achieving critical missions.

T2 Resources: Learn about tech transfer terminology, policies, processes and more

FLC Learning Center: Discover new strategies for growth through virtual and in-person training

FLC Highlights: Learn how companies like yours are advancing science through public-private partnerships

AMPLIFY T2 PARTNERSHIP SUCCESS

The FLC increases the impact of public-private partnerships by raising awareness of federal R&D and the significant economic and societal benefits of moving federal innovation into the marketplace. Promotional options include email, social media, printed publications and the FLC website.

Labs in Action: Share the stories of your federal T2 accomplishments with clients and customers

LabTech in Your Life: Make federal technologies you've commercialized part of a virtual interactive tour

Presentations: Tout your successful T2 collaborations at virtual or in-person events

Awards: Earn national recognition for the results of your tech transfer partnerships

CONNECT WITH FEDERAL LABS

The FLC supports T2 partnerships in multiple ways. We showcase federal lab technologies, facilities and expertise so the private sector can identify collaborative opportunities. We also help nonfederal organizations navigate FLC's network of member labs to find the best match for a public-private venture.

FLC Business: Find the right lab for your organization's partnership goals in this searchable database

Industry and Tech Events: Participate in these FLC-hosted meetings focused on a specific tech or industry sector

Engagement Opportunities: Gain commercial insights on government challenges and meet FLC reps at trade events

Notice of Intent to License: Be among the first to know about new collaborative opportunities
