

Name of License: Notice of Intent to Grant an Exclusive, Co-Exclusive or Partially Exclusive Patent License

Laboratory: National Aeronautics and Space Administration (NASA)

On: June 9, 2026

Summary:

NASA hereby gives notice of its intent to grant an exclusive, co-exclusive or partially exclusive patent license to practice the inventions described and claimed in the patents and/or patent applications listed in SUPPLEMENTARY INFORMATION below.

Tech Name: Combined Eye Metrics for Cognitive Load Assessment

Action: Notice of Intent to Grant an Exclusive, Co-Exclusive or Partially Exclusive Patent License

Dates: The prospective exclusive, co-exclusive or partially exclusive license may be granted unless NASA receives written objections including evidence and argument, no later than 15 days after the date of this notice, that establish that the grant of the license would not be consistent with the requirements regarding the licensing of federally owned inventions as set forth in the Bayh-Dole Act and implementing regulations. Competing applications, completed and received by NASA, no later than 15 days after the date of this notice, will also be treated as objections to the grant of the contemplated exclusive, co-exclusive or partially exclusive license. Objections submitted in response to this notice will not be made available to the public for inspection and, to the extent permitted by law, will not be released under the Freedom of Information Act.

Address:

Written objections relating to the prospective license may be submitted to Technology Transfer Officer, NASA Ames Research Center at Email: arc-techtransfer@mail.nasa.gov

For Further Information Contact:

Technology Transfer Officer, NASA Ames Research Center, at

Supplementary Information:

NASA intends to grant an exclusive, co- exclusive, or partially exclusive patent license in the United States to practice the inventions described and claimed in: U.S. Patent Application No. 19,569,851 for an invention titled “Combined Eye Metrics for Cognitive Load

Assessment” to Specs, Inc., having its principal place of business at 3000 31st Street, Santa Monica, CA 90405. The fields of use may be limited. NASA has not yet made a final determination to grant the requested license and may deny the requested license even if no objections are submitted within the comment period.

This notice of intent to grant an exclusive, co-exclusive or partially exclusive patent license is issued in accordance with 35 U.S.C. Part 209(e) and 37 CFR Part 404.7(a)(1)(i). The patent rights in these inventions have been assigned to the United States of America as represented by the Administrator of the National Aeronautics and Space Administration. The prospective license will comply with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

Information about other NASA inventions available for licensing can be found online at <http://technology.nasa.gov>.
