Other Useful Info

Foreign Visas
Travelers coming from qualified countries to the United States for tourism or business for 90 days or less may be eligible to visit without a visa. Click here to learn more.

Attire and Weather
Attire for the FLC 2022 National Meeting is business casual. Average daytime high temperature in Cleveland in April is 60°F (16°C); the average low temperature is 41°F (5°C). Because meeting room temperatures sometimes fluctuate, FLC recommends bringing a light sweater or jacket with you to the meeting and event space.

Your Health and Safety
Your health and safety are top priorities for FLC, the Cleveland Hilton Downtown and the City of Cleveland. As such, we will continue to monitor any measures that impact travel. Take a look at the measures Hilton Worldwide is taking to ensure you are informed with their What to Expect and Clean Stay initiative. Click here to see what “This is Cleveland” convention and visitors bureau has to say about their commitment to your safety amidst COVID-19.

We suggest regularly visiting the Centers for Disease Control and Prevention (CDC) and World Health Organization’s websites, which are updated daily with the latest information about the virus, including recommendations regarding overseas travel. Attendees from overseas should consult the latest guidelines offered by their governments prior to travel.
At this time, Cuyahoga County and the Cuyahoga County Board of Health have issued a mask advisory, urging individuals to wear a mask in public indoor settings, regardless of vaccination status. The County recommendation follows updated guidance from the Centers for Disease Control and Prevention advising all individuals, regardless of vaccination status, to wear a mask when indoors and near others in areas of substantial or high transmission. According to CDC data, Cuyahoga County is currently considered an area of "high transmission."

While all State of Ohio COVID-19 health orders have expired, some venues, events and businesses may require proof of vaccination, or a negative COVID-19 test for admission. Visitors are encouraged to confirm any safety measures that may be in place at specific locations or events prior to their trip. For more information on the status of COVID-19 in Ohio, including current infection and vaccination rates, visit the Ohio Department of Health website.
