

Outstanding Technology Transfer Professional Award Criteria

Outstanding Technology Transfer Professional Award - Criteria

- The FLC Outstanding Technology Transfer Professional Award recognizes the efforts of an FLC laboratory technology transfer professional (or team) who has demonstrated outstanding work in transferring a technology in a manner significantly over and above what was called for in the normal course of their work.
- Technology Transfer Program Managers, Office of Research and Technology Application (ORTA) Representatives, and Commercialization Managers are considered ideal candidates for this award.

Outstanding Technology Transfer Professional Award - Criteria

- The highest possible score is 100 points. Maximum word count is 1,800 words.
 1. Specifically identify and describe the nominee's personal involvement and significant contributions in support of the transfer of federally developed technology for the laboratory. **[35 points/650 words]**
 2. Describe a best example of technology transfer that demonstrates the nominee's innovation and/or creativity in transferring a specific technology, product or service. Include a brief description of the technology, the transfer process used and the reason the transfer was significant. **[35 points/650 words]**
 3. Describe when the innovative/creative technology transfer took place and what technology transfer mechanisms, resources, and/or activities were used to innovate or transfer the technology. The innovative/creative technology transfer occurred within the last five years. **[30 points/500 words]**
